

SmartDock

Book appointments in seconds and save hours of dock scheduling time

3PL Central's SmartDock is an automated dock scheduling tool for warehouses that prevents long truck lines, saves CSRs time on manual appointment entry, and saves thousands per month in carrier fees.

Book Appointments in Seconds

3PL Central's SmartDock enables 3PLs to efficiently manage appointments, boost operational efficiency, and reduce costs from traffic fines and detention fees.

- **Automate Appointment Scheduling:** Schedule or change appointments in seconds with SmartDock's cloud-based appointment management tool
- **Boost Operational Efficiency:** Enable carriers to update their appointments on a self-service portal, reducing time spent on customer support and carrier calls
- **Reduce Costs:** Save hundreds of thousands in carrier detention fees and fines from traffic congestion by efficiently managing dock appointments
- **Optimize Labor Efficiency:** Gain visibility of upcoming appointments, spread shipments throughout the week, and plan labor accordingly to avoid any labor shortages
- **Save Support Time:** Avoid CSRs spending hours on manual appointment management and answering carrier calls, freeing up time to service your customers.

Core Features

SmartDock uniquely offers customers:

- **Online Dock Scheduling:** Manage dock appointments from any web browser or mobile device.
- **Real-Time Visibility:** View upcoming appointments across entire supply chain in real-time.
- **Automated Schedule Rules:** Schedule deliveries only when dock space is available for the specific delivery type.
- **Self-Service Portal:** Carriers can schedule their own appointments through a self-service portal.
- **Load-Leveling:** Spread out shipments across a week to balance workload.

Return on Investment

SmartDock helps warehouses:

- Reduce manual appointment management time **by up to 90%**.
- **Save thousands of dollars per month** by preventing detention fees and traffic fees.
- **Schedule appointments in seconds**, saving CSRs countless hours on carrier emails and calls.
