

3PL Warehouse Manager

Experience the most comprehensive 3PL Management Platform in the cloud

3PL Warehouse Manager is a comprehensive warehouse management platform that makes it easy to manage inventory, automate routine tasks, and deliver complete visibility to 3PLs and their customers.

Creating Paperless Warehouses

3PL Warehouse Manager quickly transforms paper-based, error-prone businesses into service leaders who can focus on customer satisfaction, operate efficiently, and grow faster.

- **Efficient Operations:** Track every movement of inventory in your warehouse 24/7 in the cloud
- **3PL Billing:** Our intuitive Billing Wizard enables 3PLs to capture hidden costs and increase profits
- **Paperless Warehouse:** Streamline your warehouse operations by automating manual processes
- **Complete Visibility:** Provide customers and staff real-time, accurate inventory information
- **Serve Your Customers:** Let us handle the technology so you can focus on delivering excellent customer service

Core Features

3PL Warehouse Manager uniquely offers customers:

- **Real-Time Inventory Tracking:** Track every item in inventory from the any web browser.
- **Mobile Picking & Scanning:** Scan items for 100% accuracy and assign pick jobs on mobile devices.
- **Batch Label Generation:** Print up to 1,000 package labels in minutes.
- **Rate Shopping:** Automatically print the most affordable labels.
- **Robust Integrations:** Automate orders with shopping carts and API/EDI Integrations.
- **Automated Billing:** Capture charges on mobile devices and integrate with QuickBooks.

Return on Investment

Our customers have:

- **Increased orders by 22%** year-over-year on average.
- **Saved 161 hours per month** by automating manual order entry.
- **Reduced billing time by 75%** with billing automation tools.
